MARINES LANDED IN CUBAN CITY

United States Sailors, Fully Armed, Camp in Front of Palma's Palace.

Sailors Were Landed for the Protection of the Lives and Property of American Citizens—Small Guard Will Be Left at the American Legation.

Havana.—One hundred and twenty armed sailors from the United States protected cruiser Denver landed Thursday evening and camped in front of the president's palace in anticipation of possible unrulings within or attacks upon Havana.

Washington.—It was officially announced here late Thursday night that the sailors who were landed at Havana from the American cruiser Denver were ordered to return to their vessel immediately, save for a small guard which will be left at the American legation. This action followed the receipt of an official report by Acting Secretary of State Bacon from Mr. Sleeper, the American charge d'affaires at Havana, regarding the landing.

The report was not made public, but it was announced officially shortly afterward that the sailors were landed from the Denver solely for the protection of the lives and property of American citizens; that such action was in pursuance of a discussion between Mr. Sleeper and the naval commander, with the belief that it was a wise precaution looking to the protection of the lives and property of Americans. There was no intention, it is stated, to do otherwise than to safeguard the American inhabitants, and the services of the sailors were to be utilized only in case of disorders within the city which threatened such inhabitants. That the landing in any way contemplated the protection of either the Cuban government or the insurgent propaganda, President Palma or any other persons than American citizens, was disclaimed officially and it was pointed out that this fact could not be emphasized too strongly.

ADAMS WINS OUT.

Is Choice of Democrats of Colorado for Governor.

Denver.—After three days of strenuous sessions, perhaps the most lively and in some particulars the most extraordinary ever witnessed by Democrats of Colorado, the Democratic state convention on Thursday night adjourned sine die after nomination of a ticket headed by Alva Adams for governor.

The action of the convention which was considered by all concerned as the most momentous, was the reading out of the party of the Speaker of the House of Representatives because of their alleged subservience to local utility corporations.

TRADE WITH PORTO RICO.

Heavy Increase Shown Since Occupation by United States.

Washington.—In a statement given out by the department of commerce and labor concerning the growth in Porto Rican commerce it is stated: "The value of merchandise sent from the United States to Porto Rico during the five years prior to 1898 averaged about \$2,000,000 per annum, and in 1906 was \$19,000,000, or practically nine times as great. Wife of Pennsylvania Farmer Beaten to Death With Hatchet.

Media, Pa.—Mrs. E. H. Pavitt, wife of a farmer, was beaten to death at her home near here with a hatchet. Her body, with the head crushed almost into a pulp, was found by her husband upon his return from Chester, where he had gone to market the farm products. William Nelson, colored, was arrested on suspicion. The negro proved an alibi and was released. Meantime the authorities are investigating the movements of Pavitt.

Reports Exaggerated Loss of Life.

St. Petersburg.—The resumption of telegraphic communication with Sledice has enabled the press of St. Petersburg, for the first time, to present a picture of the conditions in the ravaged town. As in the case of the massacre at Bialystok, later messages greatly reduce the number of dead from that given in early reports. The property losses, however, from the fire and looting of the mob and the destruction by bombardment and subsequent fire, are placed higher, running to \$200,000.

Gave All She Had.

St. Petersburg.—"Long Live the Royal Revolution for Land and Liberty." These were the last words of Zenaide Konopliankova, the girl who assassinated General Min last month and who was sentenced to death by court-martial. They were uttered as the rope was placed around her neck. She refused to see a priest prior to the execution. She mounted the scaffold with firm steps and would not be aided. On a photograph she sent to her sister, she wrote the words: "My life was all I had to give."

PULAJANES MAKE NIGHT ATTACK UPON SOLDIERS

Fanatics Rush Camps and Bolo Boys in Blue as They Lie Sleeping in Their Tents.

San Francisco.—A special cable dispatch from Manila says:

In revenge for the punishment inflicted upon them by the regular troops for the killing of Lieutenant Roscoe Treadwell of the Philippine scouts, the Pulajanes attacked a detachment of the Twenty-fourth infantry, colored, on the night of the 10th, and before they could be driven back they killed two and wounded eight of the colored soldiers.

Early in the evening of the 10th the bandits rushed the camp of Treadwell and succeeded in killing the officers. The colored troops came to the rescue and drove the fanatics from the field, killing and capturing a large number. The Twenty-fourth then went into camp near Barauen, Leyte, near the scene of the engagement. The band returned during the night, bobbed the outposts and rushed the camp. In the confusion of the darkness the regulars were badly cut up before they realized that the Pulajanes were upon them. The colored troopers were attacked in their tents, the natives slashing the canvas with bolos and falling upon the sleeping soldiers.

The men of the Twenty-fourth were aroused by the shouts of their comrades and went into the fight with their pistols and bayonets, and finally routed the Pulajanes, killing and wounding many of them. In the darkness a few of the Pulajanes escaped.

MINES CLOSED DOWN.

Labor Troubles at Goldfield, Nevada, Causes Suspension of Business.

Goldfield, Nevada.—All of the mines have been closed down, awaiting a settlement of the labor troubles here, and the workmen commence to wonder if the mine owners have inaugurated a lockout in earnest. Western Federation men held a special meeting Wednesday and appointed a committee to meet the mine owners and hear their demands. The committee is to report back to another meeting, thus causing more delay. Meanwhile the mines will be closed.

It is believed the question of peace or war hangs on whether or not the mine owners will insist on change rooms to prevent high-grading, about which much complaint is heard. If an agreement is reached it cannot take effect until acted upon at a meeting of the union. Some claim that the matter will have to go before Western Federation officers in Denver. There have been many street brawls, but no one has been seriously injured so far.

HEARST NAMED FOR GOVERNOR.

Independence League Chooses Editor for Its Standard Bearer.

New York.—The closing session of the Independent League convention began with a tremendous uproar, started by the bringing in of an immense portrait of William R. Hearst, president of the league, and the only man seriously mentioned as its candidate for governor. The ticket named was as follows: Governor, William Randolph Hearst of New York; lieutenant governor, Lewis Stuyvesant Chanler of Dutchess; secretary of state, John S. Whalen of Monroe; state treasurer, George A. Fuller of Jefferson; comptroller, Dr. C. H. W. Auel of Erie; state engineer and surveyor, Frank L. Gettman of Tompkins; attorney general, John Ford of New York.

WLL CLOSE ALL SALOONS.

Diaz Intends to Prevent Trouble on Election Day.

El Paso.—In order to guard against any drunken demonstrations on Mexican independence day, September 16, Governor Enrique Creel has ordered the mayor of every city in Chihuahua to close all saloons Saturday afternoon at 2 o'clock and keep them closed until Monday morning. It is said President Diaz has passed word to all governors to enforce the same order.

Another Revolutionary Plot.

San Salvador.—A revolutionary plot was discovered Wednesday, and the republic was declared in a state of siege. This order, however, must be revoked before November 30, on which date the presidential election will take place. Apparently presidential ambitions are at the bottom of the revolutionary plans. It is reported that President Scallon favors the national independent party's candidate.

Run Made on San Francisco Bank.

San Francisco.—The run on the Hibernia bank which began Tuesday, apparently as the result of groundless rumors regarding losses sustained on account of the great fire, continued on Wednesday, but caused no flurry in financial circles. None of the other banks were affected in the slightest degree, and the officials of the Hibernia stated that while numerous small amounts had been withdrawn the normal amount of new deposits was made during the day.

ARE SEARCHING FOR TERRORISTS

Houses at Warsaw Ransacked and Jews and Children are Arrested.

The Charge is Made That Children Are Employed by the Terrorists to Make Attempts Upon the Lives of Hated Officials.

Warsaw.—In a search for terrorists here some 200 houses were ransacked by troops. About 1,000 arrests, mostly of Jews, were made. Many children were taken into custody. They are employed by the terrorists to execute attempts upon government officials, because the movements of children do not awaken suspicion, and they are not liable to capital punishment. All suspects have been ordered expelled from the city.

It is learned here that the reign of bloodshed at Sledice has ceased, at least for the time being. Troops are camped in the streets. The authorities are investigating the events leading to the outbreak and the subsequent reign of terror. Medical assistance for the wounded is greatly needed. According to the best information, the number of persons killed in Sledice is about 100.

A great many persons took shelter in churches from the hall of shot. Others remained for two days lying on the floors of their apartments for protection against flying bullets. They were without food or water. The four principal streets of the town have been almost devastated and elsewhere many houses were damaged and looted. The number of houses burned reaches twenty-seven. Many Jews managed to leave the city and flee to neighboring villages.

TILLMAN LOSES IN PRIMARIES.

South Carolina Democrats Have Had Enough of State Dispensary.

Columbia, S. C.—The second Democratic primary in which the candidates sifted from the first primary in this state made the final race, was held Tuesday night. At midnight the vote showed that Martin F. Ansel, local optionist, defeated Richard Irvin Manning, dispensary candidate, for governor. Ansel received 38,178 votes and Manning 27,904 votes.

J. Fraser Lyon was elected attorney general by a vote of 39,405, his opponent, J. W. Ragsdale, receiving 26,312 votes. Lyon conducted the investigations which it was claimed revealed much corruption in the dispensary.

J. M. Sullivan was elected to the railroad commission, receiving 35,525 votes, and defeating the incumbent, J. H. Wharton, who received 28,600 votes. About 80 per cent of the vote at the first primary was cast.

REJECTED SUITOR STABS GIRL.

Murder Creates Great Excitement in Little Town of Hungary.

Budapest.—A terrible murder has created great emotion in the little town of Balaton, Hungary. Two brothers named Bela and Pista Pistatovich fell in love with the same woman, a beautiful girl of 17. Both proposed to her on the same day, and the girl chose the elder one, Bela.

A few days ago, on the eve of their marriage, the young couple were out walking together, when the younger brother stepped out from some bushes by the roadside and, in a solemn tone, asked the girl to reconsider her decision. This she refused to do, whereupon Pista drew a knife and plunged it into the girl, who fell dead.

Chicago.—The grand jury on Tuesday voted indictments against Paul O. Stensland, former president of the Milwaukee Avenue State bank, and now under arrest in Tangier, and Henry W. Hering, the ex-cashier, now confined in the county jail in this city. More than a score of indictments were returned against each man, all of them being based upon the mismanagement of the bank.

Entrance into Oakland Gained.

San Francisco.—The Western Pacific will complete its line from Salt Lake to San Francisco between six months and a year sooner than was originally expected. This is due to two facts. First, the securing of an entrance into Oakland, Cal., on Tuesday, and the great rapidity with which work has been progressing in the Sierras. It was originally expected that the line would be in operation late in 1909. Now it is stated trains will be running before Dec. 31, 1908.

Battle With Burglars.

Oakland, Cal.—Jacob Medo, who conducts a restaurant in San Francisco and who lives at 1033½ Chester street, Oakland, returned to his home, and when he entered the door was set upon by two burglars and given a terrible battle for his life, finally being forced to flee from the house to prevent the men killing him. During the scuffling Medo struck one of the robbers over the head with a porcelain pitcher and laid his head open, but the man escaped.

AN AMERICAN WARSHIP SENT TO CUBAN WATERS

American Shipping and Commercial Interests to Be Protected by Uncle Sam's Fighting Machines.

Washington.—American shipping and commercial interests at Havana, Cuba, are to have the protection of an American warship in Cuban waters. While government officials show an inclination not to discuss Cuban affairs in any particular beyond making public dispatches from Minister Sleeper, the American charge at Havana, confirming dispatches printed in the daily press, there can be no doubt from the attitude of the officials that the cruiser Des Moines, which cleared from Norfolk Tuesday, is sailing on a state department mission, and it is rumored in official circles that she will proceed immediately to Havana.

The secrecy concerning the Des Moines extends to all officials of the navy department, where it is said she has been sent on a cruise "for the benefit of the health of the sailors and marines."

President Roosevelt, it is rumored, is responsible for the sailing of the Des Moines. It is known that the state department is keeping him advised daily and that he is keeping in close touch with the situation from every possible source. The sailing of the Des Moines has chilled the hopeful feeling in official circles of President Palma's ability to promptly suppress the insurrection. The fact that it has become necessary to dispatch a United States cruiser to Cuban waters is taken as an indication that the seriousness of the uprising has been belittled.

WOULD KEEP OUT FOREIGNERS.

Chinese Threaten to Bar All But Natives from Business Enterprises.

Washington.—Mail advices received here from China are disquieting to Americans having financial interests in the Orient. There is no abatement of the anti-foreign feeling, and the animosity is no longer confined to Americans, but includes all foreigners except Japanese. A formidable party has arisen and is conducting an active propaganda. It is known as "restorer of rights," and its purpose is to drive the foreigners out of business in China and to that end begin by rendering valueless the foreign investments. In some quarters the Chinese government is alleged to sympathize with the movement; and, at any rate, capitalists interested in important concessions are complaining that the Chinese officials are deliberately destroying their holdings and violating their agreements at every turn. More than any other nationality the English are said to be injuriously affected by this attitude of the Chinese government.

KILLED BY PULAJANES.

Lieutenant Meets Death as Result of Night Attack By Outlaws.

Manila.—Lieutenant R. E. Treadwell of the Philippine scouts was killed Monday night by Pulajanes six miles south of Barauen. He was in command of a small detachment of scouts whose bivouac was attacked during the night by a band of about 100 Pulajanes. Lieutenant Treadwell was the only man hit. Troops are in pursuit of the band. Sixty troops and forty constabulary struck a band of Pulajanes near Sitio Marabou, killing one and wounding several of them. The rest of the band escaped. The troops sustained no casualties and destroyed a large quantity of supplies gathered by the Pulajanes.

Surgeons in Session.

Buffalo, N. Y.—The convention of the Association of Military Surgeons of the United States convened here Tuesday. Many distinguished foreign representatives were present. The closing business of the session was the reading of the Enno Saunders prize essay on "The Training of the Medical Officers of the State Forces to Best Qualify him for Local Service and for Mobilization with National Troops." It was announced that Major Filcher was the winner of the medal.

Will Try to Break Will.

New York.—The Evening World says it is informed on reliable authority that there will be a contest of the will of Herman Oelrichs, whose will, filed for probate Tuesday, left the bulk of his property to his blood relations and cut off his wife, Therese Fair Oelrichs, with the statement that "she had an ample fortune for her own." It is also stated that Mr. Oelrichs left two wills, in the first of which, made two or three years ago he devised his property to his wife.

TREPOFF DIES NATURAL DEATH

Most Hated Man in Russia is Dead But Not in Hands of H.S. Enemies

Six Attempts Had Been Made on His Life Within the Past Three Years, in One Instance a Man Who Resembled Him Being Shot.

St. Petersburg.—General Dmitri Pedorovich Trepoft, commandant of the Imperial palace, died at 6 o'clock Saturday evening in his villa at Peterhof of angina pectoris.

General Trepoft, whose name was indelibly linked with reactionary repression in Russia, was a remarkable man. He was a natural despot, a tyrant by inclination, education and conviction. He was one of those men who have constantly appeared in Russian history just at the time when conditions were most promising for putting an end to despotism to turn Russian rulers from liberalism to reaction. It was he who became the guiding spirit of the reaction after Nicholas II had issued his manifesto in the fall of 1905, promising the people a share in the government. Holding the position of master of the palace, in league with the court intrigues who were determined to restore the old regime, he constantly had the emperor's ear.

In all six actual attempts on the life of General Trepoft have been made within three years, and only last July General Kozloff, of the headquarters was assassinated at Peterhof by a terrorist who believed he was firing upon Trepoft.

General Trepoft would have been 61 years old in December. Several months he had been suffering from a heart affection and asthmatic troubles, and some time ago was forced to abandon a large amount of his routine work.

Brutal Murder of a Messenger Boy at Goldfield, Nevada.

Goldfield, Nev.—John Moritz, aged 19, was shot to death by Jack Thompson, a gambler, early Sunday morning. Moritz was a messenger for the telephone company, and had occasion to go to one of the notorious dance halls of the "red light" district. There, it is said, he accidentally bumped into Thompson, who was dancing. Thompson swore at him and threatened that he would fix the boy later. About 1 o'clock in the morning Moritz was passing by a saloon on his wheel, when Thompson drew a pistol and fired, the shot striking Moritz in the hip. He fell from his machine, and Thompson deliberately walked to the fallen boy, leaned over him and delivered another and fatal shot.

Excellent Opportunity Offered Americans for Increase in Trade.

Washington.—Special Agent Charles M. Pepper, who was sent to Egypt to report upon the prospects for increased trade with that country, in a report to the bureau of manufacturers says the imports from Egypt have reached nearly \$10,000,000, and the average for seven years was \$7,758,657, while in return direct shipments of goods from the United States rarely exceeds \$1,000,000, and in some years have fallen below \$500,000.

The total foreign commerce of Egypt in 1895 was a little more than \$100,000,000. Mr. Pepper said that it will in less than five years amount to \$250,000,000, one-half of which will be imported goods. There is a wide demand in that country, the report says, for machinery.

MEXICAN FOURTH OF JULY.

Independence Day Celebrated at Monterey Without Sign of Disorder.

Monterey, Mexico.—The celebration of Mexico's day of Independence was observed here Sunday by general merrymaking. At daybreak the national flag was hoisted over all federal municipal buildings and a salute was fired from the barracks.

At 9 o'clock the governor, accompanied by his staff and many prominent citizens, proceeded to the Juarez theatre, where they listened to the reading of the declaration of independence and the singing of the national hymn by a prominent vocalist. Band concerts were given on the various plazas during the afternoon and evening. In the afternoon a great military pageant, participated in by thousands, was formed and marched through the principal streets of the city. There was not the slightest disorder, and so peacefully was the affair carried out that the authorities say it will tend to counteract the effects of the rumors of an anti-foreign feeling, which have been rife for some months past.

WRONGLY ACCUSES SELF.

Man Who Declared He Committed Murder Held Not Guilty.

New York.—After a thorough investigation the police found that Henry Dean, who accused himself of murder at a prohibition meeting at Mariners' harbor, Staten Island, was guiltless of that crime. The unidentified man who Dean asserted was his victim died of exposure. Dean, however, is looked up to await trial on a charge of beating his mother-in-law.
